

Drainage Board Meeting
May 1, 2012

Present: Al Logsdon, Mickey Toler, David Gogel, Stanley Herron, Elaine Jones, Jane Lynam

VARIANCE/SEPTIC — Brad Carver

2477 S County Road 350 W

Cara Matthews explained that the original house burnt in 2012 and he wants to build a new home. The new home will have more bedrooms than the original and therefore requires more laterals and a perimeter drain to be installed.

There isn't enough room, so the Variance is to allow them to run the perimeter drain into Hurricane Creek, this is the lateral line for surface water only. Herron and Matthews both approved the Variance so Toler made a motion to approve the Variance for the gravity E-Z flow system on the Brad Carver/old Mike Hurt property. Gogel seconded the motion, motion approved.

GARRETT CREEK

Herron reported that Garrett Creek should be finished this week. They still need to pick up stumps and debris. He reported that Murphy was taking out stumps on the opposite side of the creek on property belonging to Charles Kamuf. Herron spoke to Murphy and he said he had permission from the ASCS Office to do the work as long as he stays 150' away from the woods.

ANDY SELZER PAYMENT

Logsdon ask how the payment for Andy Selzer was to be handled? It was discussed and it will be handled as any other claim once it is received by the Auditors' office. Herron said he was pleased with the work Selzer had done.

ANDERSON RIVER QUOTES

Quotes were opened for Anderson River log jam on Muizer property.

Since Attorney Wilkinson wasn't present Logsdon ask Gogel to open the quote from Mike Erwin Construction, his quote was for \$6,250.00

Toler opened the quote from K & K Dirtworks, their quote was for \$5,500.

Herron stated that the bids were a little higher than he expected, but he felt they were reasonable. There was discussion as how to pay for the work and Logsdon said he would go back to the council and ask for an additional of \$24,850.00. Gogel then made a motion to approve the low bid on the Anderson River Log Jam. Toler seconded, motion approved.

LITTLE PIGEON LATERAL-EAST FORK QUOTES

First quote opened by Attorney Wilkinson was from Mike Erwin Construction, quote was for \$800.00.

Second quote opened was Andy Selzer at \$900.00. Toler made a motion to accept the low quote on Little Pigeon Lateral, Gogel seconded the motion, motion approved

LEGAL

Attorney Wilkinson had nothing to report.

SURVEYOR BOOKS

Elaine Jones, Secretary for the Surveyor asked about copying the old Surveyor books that are in pretty bad condition. She will use the Auditors' office copy machine, and the Surveyors' office will supply the paper. Once they are copied they will be put in binders, and the surveyors will use them so the others can be preserved. The Board told her to proceed with the work.

RICHLAND DRAINAGE BOARD

Walt Yeager spoke to the Board concerning the drainage in Richland, as to what the Richland Town Board was doing. He felt it would be a good idea for the Drainage Board to be advised as to what Richland was doing. Wessler Engineering has been hired by the Richland Board. Logsdon said he would talk to Brian Mundy who is an engineer with Wessler and see what he could find out. There was no other business so Gogel made a motion to adjourn, Toler seconded, motion passed. Meeting was adjourned at 11:10 A.M.

President

Attest: _____

Jane Lynam, Auditor
